

SEPARATION AND RECOVERY SYSTEMS, INC.  
an American Eco Company

---

October 30, 2000

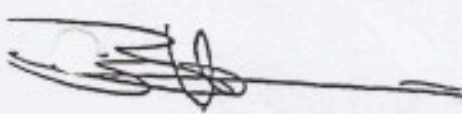

To Whom It May Concern:

It is with great sadness that we have been informed by Mr. John McDermott of his intention to resign from the Board of SRS in order to pursue other opportunities. John, as Managing Director, has excelled in every aspect of our business, resulting in exceeding all quotas set forth by the Board and surpassing our expectations of business development. Thru our years of association, I have come to expect the unexpected from John as it relates to his business acumen and perseverance. While Mr. McDermott's management capabilities are superb and his energy level remarkable; his marketing capabilities are incomparable. His persona coupled with honesty and perseverance has resulted in both myself and fellow Board Members developing an extremely high level of trust and reliance on John. It has indeed been a great pleasure to work with John and the respect we hold for John has been earned countless times over.

It is with the highest level of support that I recommend John for any position for which he feels qualified. I am confident that he will exceed at any endeavor he chooses. On a personal note, my hope is that we will have the opportunity to work together in the future.

Should you desire to discuss, with me directly, John's capabilities and talents, I may be reached at telephone number 609-820-3246.

Sincerely,

Brian Horne  
Director
